14 MAY 1969

MEMORANDUM FOR THE RECORD

SUBJECT: Security of Headquarters Building

1. A meeting was held on 7 May 1969 to discuss the above subject. Those present were: [REDACTED]

25X9

25X1A

2. [REDACTED] had called the meeting at the Deputy Director for Support's request to review the security of the Headquarters Building. He outlined the approach he intended to take. This was to start outside the building and work towards the center. First, we would discuss external security factors and eventually those within the building itself. [REDACTED]

25X1A

25X1A

[REDACTED] briefed the group on the factors affecting external security of the building, the threat of penetration, general security procedures being followed, recent incidents targeted against the building, and ways of improving building security.

25X1A

3. At the conclusion of the Office of Security's briefing, [REDACTED] asked that the Office of Logistics present a briefing next week covering external utility problems (i.e., power, water, sewer, telephone, and disruption problems).
